

Over that past few weeks, I have learnt to appreciate things more and to realise that sometimes we miss so much. I wanted to look at God world today and the story of creation

In the beginning there was nothing just Darkness then God said" Let there be light!" and there was and God was really pleased. "From now on, when it's dark it will be 'night' and when it's light, it will be 'day'."

The evening became night and then day and that was the first day.

On the second day, God made the earth and over it he put blue sky. He stood and looked and what he had created" That's good too!" said God.

On the third day God put all the water in one place and all the dry land in another. He then made plants to cover the land. Trees of all shapes and sizes, flowers in all bright colours and grasses began to grow. God looked down and was pleased with what he saw and that was the end of the third day.

On the fourth day, God decided that the night was too dark and the daylight needed something brighter So, He made the sun to light the sky during the day and the moon and stars for the night. God was very happy with it

On day five God looked at the oceans he had created, and they looked empty, so he filled it with small fish, large fish, whales, jellyfish crabs and hundreds of different creatures. He then looked at the sky and thought that looked empty as well so made birds, that soared through the air. God smiled at what he saw. The sun set and the sky grew dark and that was the end of the fifth day.

On the sixth day, God filled the land full of animals and insects. Can you think of some of the animals that God put on the land? But He still felt something was missing. So, God made us to help take care of this beautiful world that he had created. God looked around and was happy with all He had made.

On the seventh day God sat back and looked at what he had created.

We need to thank God everything he created and make sure we take care of it

Prayer.

Thank you, God, for all the world. For the food that we eat and the water that we drink. For the tree and the flowers and for all our family and friends. Amen
